Kolkata, India (APAC) · Fully remote-ready · Flexible / irregular hours OK

PROFESSIONAL SUMMARY

Independent, behind-the-scenes operator with one year managing foreign tourists, logistics, and day-to-day coordination at a remote jungle camp. Comfortable owning the unexpected, working under pressure, and adapting to flexible hours across time zones. Self-directed — no mandated task list needed — with clear communication, calm judgment, and a drive to keep operations running so others can focus.

EXPERIENCE

Guide, Translator & Operations Coordinator

Neora Valley Jungle Camp — Kolakham, Kalimpong | Hotel / Resort Line | 1 Year

- Trusted on-ground operator for foreign tourists: guiding, translating, and coordinating end-to-end experiences so guests and camp staff stayed focused.
- Organized trek logistics, village lunch arrangements, and overall camp coordination — prioritizing requests, handling last-minute changes, and keeping schedules and communications clear.
- Interfaced daily with international guests across cultures with professionalism and discretion; resolved issues quickly and managed competing priorities under pressure.
- Anticipated needs, filled operational gaps before they became problems, and improved workflows by organizing information and improvising practical solutions when plans shifted.
- Worked flexible and often irregular hours to support guests and operations — comfortable with rapid context-switching and varied schedules.

CORE STRENGTHS

- **Operations & logistics:** Priority triage, travel/activity coordination, meeting & project prep, dependable follow-through
- **Stakeholder communication:** Professional interface with international guests and partners; cross-cultural translation and clarity
- **Judgment under pressure:** Calm handling of urgent issues, last-minute changes, and competing demands
- **Remote & flexible work:** High ownership from APAC; ready to support global / West Coast-aligned collaboration on flexible hours
- **Research & systems:** Spot inefficiencies, organize information, and prepare stakeholder-ready briefings (Statistics, SQL, Excel, Power BI)

SELECTED PROJECTS

Revenue & Product Performance Analysis — SQL, Power BI: Synthesized 2,000+ multi-region records into clear stakeholder priorities and a KPI dashboard for fast review.

Airline Delay Pattern Analysis — SQL, Excel, Power BI: Triage operational bottleneck patterns and turned messy data into a clear visual briefing for faster decisions.

Interactive Sales Dashboard — Power BI: Structured views that cut manual report compilation — closing process gaps before others felt the friction.

TOOLS & WORKING STYLE

Excel (Pivot Tables, VLOOKUP, Charts) · SQL · Power BI · strong written / async communication · attention to detail · candor · reliable follow-through

EDUCATION & CERTIFICATIONS

University of North Bengal — B.Sc. Statistics (Honours)
